MISRULED MICROCOSM

This infertile body of mine
Experience the infamy of life
In my womb is night life

All cells infected
By sperm from unknown sources
Short moment of pleasure
Too rapid changes

The life is on me
I no wish
No life on me

The life The life's alive
CRY - infanticide
Sing - Had to be done
Young or old

Such an inhuman act
A necessity
To keep my needments

Pressures of loneliness!
Coursed neurosphenic
Then who'll give nerve me?

Hard to keep the secret
May do better on my own
A new cell of life

Then echoes of the plunk
When they dropped you or me
Feel like I'm floating

In the nagging guilt
Your silent reprobation
Throws me to sleep

Finally I dwell on my guilt
Dreaming of.....
Vacuum device

Detached the life from me
